

CORAL ISLAND

Motor Yacht "Coral Island",
c/o All Services,
Via del Castillo,
Portofino,
18038 Sanremo (IM),
Italy.

10th February, 1999.

To Whom It May Concern,

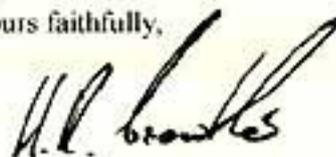

This is to certify that Alistair Bendall served as Deckhand & Carpenter on board the motor yacht "Midnight Saga" under my command from 11th March, 1993, when I joined the yacht myself, until 10th March, 1995, when I left the yacht.

During this period the yacht, which is 57.20 metres in length, cruised to the Indian Ocean on two occasions, to the Caribbean Sea & Central America, and throughout the Mediterranean Sea. When the Owner & his guests were not on board, "Midnight Saga" maintained a busy charter schedule, with high profile principals & up to twelve guests at any one time.

Alistair proved himself to be a very competent seaman and an excellent boat handler. As a carpenter, he routinely undertook large projects which would normally be contracted out. He was, moreover, a good crewmember, cheerful & flexible in his outlook, and popular with guests.

I sincerely wish him well at whatever he may wish to undertake.

Yours faithfully,

Howard Crowther,
Captain, M.Y. "Coral Island".
