## REFERENCE TO WHOM IT MAY CONCERN

Mr. Alistair Bendall.

Alistair has been employed aboard the 57m motor yacht Midnight Saga from 29/01/92 until the present time in the capacity of Deck Hand.

During this period Midnight Saga has completed 4 summer seasons in the Mediterranean one Caribbean winter, two Indian ocean winters and several months cruising Norwegian waters.

Alistair is an experienced crew member. He shows proficiency in all aspects of deck work including routine maintenance, tender handling and general seamanship. His contact with the owner and charterers has always been handled in a professional and courteous manner. He has also been actively involved in the operation of our 40ft Offshore Powerboat.

I have no hesitation in recommending Alistair to any potential employer and would be happy to see him engaged in a more senior position.
