Crew Training & Crew Services

To how it might concern

Antibes 21/07/2010

We have had the pleasure of working with Alistair Bendall during our time managing the 37m Benetti M/Y QUEST October 2009 until the sale and the handover of M/Y Quest in June 2010.

The project Quest was to promote the sale of the vessel and in the meantime have her on the charter market. Quest attended the Antibes boat show and had on numerous occasions viewings on the vessel.

During Alistair's time on board, he overlooked all the warranty issues in Viareggio Benetti/Lusben yard and did a fantastic job negotiated with the yard when needed and made sure that every item was closed in a professional manner.

Captain Alistair put a high standard on M/Y Quest and managed the crew with a great positive attitude at all times which is not an easy task being unsure of the future. Alistair and the crew possibly did a "too good job" and the vessel was sold in late May. Alistair was asked by the new owner to stay on board though declined due to the new location of the vessel being Turkey.

We received many commendable comments on the standard of the vessel and the friendly crew.

We can highly recommend Alistair and hope that we will have the opportunity to work with him again in the future. It is always a pleasure working with a professional captain.

Please feel free to contact me for any further information on the below numbers.
